A few brief Advocacy Updates:

- ♦ ORPP is gone - after many months of challenging the provincial government's reasoning on the ORPP and its detrimental affect on small business, they have rescinded the ORPP. With the federal governments commitment to make changes to the CPP, there was really no need for two levels of pension plans. We will keep a close watch on what the changes to CPP will be and will also offer solutions and appropriate implementation for the restructuring of the CPP. Scrapping the ORPP is a true win for businesses.
- ♦ Concerns with the Cap & Trade proposed by the Province has met with comments and suggestions by the Ontario Chamber of Commerce, as well as a co-sponsored letter of the Northern Chambers to the Premier and Minister of Environment and Climate Change.
- ♦ Construction communications to our members continues as we receive updates from the City of North Bay to provide as much notice when disruptions may occur in front of businesses during this construction season.
- ♦ Input on the Northern Ontario Multimodal Transportation Strategy - particularly in marine, rail, trucking and trucking of aggregates. For those members that want to provide input directly - please go to: <https://nomts.ca>
