ONTARIO'S CYCLING STRATEGY

A draft province-wide cycling network has been developed based on the input received so far, quantitative evaluation and qualitative analysis. We are now embark-

ing on the next stage of engagement.

From April 12 to May 12, 2017, the province is inviting the public to submit comments on the draft province-wide cycling network online through the Environmental Registry.

We encourage you to review the map of the draft network, accessible through the Environmental Registry at www.ebr.gov.on.ca (posting number 013-0190) and the Ministry of Transportation web site at Ontario.ca/cycling, and provide your comments on the recommended routes by May 12, 2017.

We also encourage you to share this information with others who may want to participate. The input received will be taken into consideration by the Ministry of Transportation as the final preferred network is confirmed.

If you have any questions about the proposal please contact the Ministry of Transportation by email at CycleONStrategy@ontario.ca, by phone at 1-844-637-6464 or by email at the address above.

Building Community

Play4Prosperity is focused on helping communities use the latest techniques in innovation and creativity to find a clear path to their goals and aspirations.

We are proud to sponsor BRICKS for HOSPICE, using the method of LEGO® SERIOUS PLAY® to raise funds for the HOSPICE Children's Playroom. Join our team of skilled SERIOUS PLAY® facilitators as they use the power of play to reach and teach with LEGO® bricks.

Our goal is to engage our young people through play and raise their awareness to the difference we can all make when we get involved in our communities.

**Having a community
worth getting involved
in,
means getting involved**

THE ROBERTA BONDAR FOUNDATION™
theRBF.org

presents in partnership with

EXPLORE THE NATURAL WORLD OF PLANET EARTH

with Dr. Roberta Bondar

Academically one of the most distinguished astronauts to have flown in space, Dr. Bondar is also the only astronaut to use fine art photography to explore and reveal Earth's natural environment from the surface.

To celebrate the 25th anniversary of historic spaceflight and Ontario's 150th anniversary, Dr. Roberta Bondar is touring a number of Northern Ontario communities to speak to students from grades 6 to 12 about Earth Matters.

This event will also launch the Ontario 150 Bondar Challenge to encourage people of all ages to express what they admire and value in the natural world and in their community through a photography challenge.

Gain Competitive Advantage Through ITIL Training

May 16-18, 2017
North Bay, ON

ITIL Foundation Overview

In the exciting and dynamic course, you will get an introduction to the lifecycle of managing IT services to deliver to business expectations. Using an engaging case study, you'll learn the core disciplines of ITIL best practices. Upon completing this course, you'll be well positioned to successfully complete the associated ITIL exam required for entry into the future ITIL intermediate-level training courses.

ITIL covers five core disciplines:

- Service Strategy
- Service Design
- Service Transition
- Service Operation
- Continual Service Improvement

These disciplines represent a service lifecycle framework that further enhances alignment to the business while demonstrating business value and ROI and enabling IT to solve specific operational needs.

ITIL® is a registered trademark of Axelos Limited, used under permission of Axelos Limited. All rights reserved.

What You'll Learn

- Key concepts of ITIL
- Important principles for improving IT operations
- Vital processes and functions
- Practical guidance for applying ITIL to everyday IT situations
- How to align with business, control costs, and improve IT service quality
- Strategies to balance IT resources

This course includes handouts and references useful after the class, as well as practice sessions, quizzes, exam strategies, and test-taking tips. The one-hour ITIL Foundation exam will be offered on the last day of class.

Cost is \$1,100 per person plus HST and includes materials, on-site instructor and exam.
