The North Bay & District Chamber of Commerce has joined forces with the North Bay Foodbank by engaging our membership in the support of a major change effort underway in North Bay. We are sending out a **Chamber Challenge** and calling on you to support the North Bay Foodbank's resilience project. Support can be straightforward, the North Bay Foodbank is looking for you to help this project by engaging in the following ways:

1. **Donation Bin** - Engage your organization to donate periodically by bringing in just one extra food item at lunch. You can support this effort by accepting a dedicated donation bin from the Foodbank and promote filling the bin using "[dress down Fridays](#)" in exchange for a food item or many other creative methods to align and engage the team at your workplace. Workplaces that accept a bin and [engage their team](#) can offset thousands of dollars of food purchase expenses, create workplace norms that help our community and will benefit from greater staff engagement.
2. **"Just 1" Habit** - Promoting the game-changing idea that a social habit of donating just one of the "[foods of the month](#)" each time we shop for food, will supply enough food to feed those most in need.
3. **Community Capital** - Choose one of the [capital packages](#): Community Supporter, Community Partner or Community Leader and contribute a reoccurring amount or one time support to the North Bay Foodbank and reap the [recognition benefits](#) of their new reach via a redesigned website and enhanced social reach. We will also be recognizing capital supporters at our evening of excellence award ceremony.

Community Capital funds our next steps toward addressing food insecurity. Community Capital supports initiatives like "Just 1", community awareness, facilitates community and corporate engagement – and special projects that bring a compounded return on investment. For example, our corporate donation bins, a product of community capital funding, amounts to a minimum of a fivefold return on investment per year in perpetuity. Honda's Community Capital investment in supplying the North Bay Foodbank with a vehicle means we can pick up the corporate donation bins and has enabled a large portion of this program to work. Sofa Communication contributed their time and bench strength of intellectuals to further enhance a purchased platform to reach and promote these essential initiatives online and in print – amounting to substantial increases in online community support. A usual monetary donation helps us purchase food and keep the lights on to support the current needs; a Community Capital donation allows us to launch initiatives to improve our impact on the ongoing food insecurity and meet all future needs. **Community Capital will enable us to get better at what we do**, and we believe Community Capital will one day be the source of our ability to tackle the complex causes of food insecurity with success.

As a member that invests in this project's success, you will reap a return on investment that is unmatched – positive local community impact. The North Bay Foodbank is piloting many new concepts to promote adopting individual and corporate habits that are intended to become broader norms that have the potential to end food insecurity beyond just our community – please join their efforts to change the way we support one another.
