Randy MCLAREN

Greetings and thank you for attending the Chambers meet and greet event.

It will be my pleasure to speak with you individually this evening, or at any time at your convenience. At this point in time there are so many interesting things happening in our municipality that I am sure our discussion will be informative.

I have lived at only 2 addresses my entire life and both are in this township. My "employment" is being a cow/calf beef farmer. At this time of year there are about 150 critters on the ranch. This will reduce to half that number by marketing some for the winter. In the past I worked for Tembec in North Bay, and the now named "GinCor" in Mattawa. My off farm employment offered interesting new experiences and built some lasting friendships.

It has been my pleasure to serve as the Twp. of Bonfield's Mayor since 2010. I am now seeking my third term and hope that you feel the municipality is making positive progress.

Prior to running for Mayor in 2010, I had served for a total of 13 years as a Councillor. I was first elected as a Councillor in 1994 at age 26. For you keen number crunchers, yes, I turned the big 50 earlier this year. For the past 3 decades I remain the youngest member of the township Council. This speaks to a need to get more youth involvement in municipal government, which is an issue across the province not just locally.

When I built my "new" house in 1999 on Fichault Road, it is situated pretty much in the exact centre of the township. As the Mayor I believe this helps me keep a balanced point of view in serving the entire municipality as equitably as possible.

My wife Cindy and I now have 2 young grandsons (ages 2 and 3+1/2 who live in BC), who are coming to spend Christmas with us this year. My "to do list" has been issued by Cindy in preparation. Yikes!.

Our township has had an excellent past 4 years and is on the verge of many great projects being constructed. To mention only two, the International Wood Industries sawmill that will employ 90, and the Seniors Housing project, those alone will cause us to grow substantially.

I describe the current period as "fragile, handle with care" because the municipality will need to be ready to help both projects come to reality. Every project encounters the occasional hiccup, and for that reason I hope you agree our municipality needs a strong, experienced Council at the ready to make decisions and be helpful. It is for that reason I respectfully seek your vote to continue as Mayor, to make this township better than it already is.

I went to Marshall Park Public School and West Ferris Secondary School. My family moved to Toronto when I was 17. Most of my working career was with IBM Canada.

After 30 plus years in Southern Ontario, I missed the North and searched the province for a year, before we found our home on Lake Nobsbonging in beautiful Bonfield. We have lived in our community of Bonfield for over 10 years.
