***Congratulations to Mayor Hec Lavigne on being acclaimed for the 2018 election!***

## **Linda ALKINS**

Hello I am Linda Alkins and I am running for Callander Council. My family owned and operated a tourist resort in Callander and Bob, my husband and his family have lived in Callander for many decades and we are enjoying the benefits of our amazing community. I have seen Callander grow and prosper from a population of 600 to 3863; this growth simply shows how wonderful our community is!

I am running for Councillor as I want to ensure Callander will continue to provide our residents with a place where they can always enjoy our “Four Seasons of Reasons”.

Some may know me from the Municipal Office, where I was employed for ten years and recently retired in July of this year. During my time at the Municipality I held the following positions, Deputy Clerk, Administrative Assistant and Lottery Licensing Official. I gained a wealth of knowledge in respect to Councils’ Policies and Procedures during this time, which I am positive, will guide me with my responsibilities as a Councillor on the “Callander Council Team”.

I have been an Associate Member of the Callander Legion, Branch 445 for many years and have held the positions of Public Relations Officer and the Treasurer.

As a rural resident I realize the challenges of efficient high speed internet and I would like to actively seek out service providers and funding opportunities to enable all residents and business owners of our community to have access to affordable and dependable internet services.

I recognize the financial challenges the Municipality faces on a daily basis in regards to our lagoons, infrastructure and road repairs, community safety and the need for a new library facility. As a member of Council I would be seeking grant and funding opportunities to supplement the costs associated with these expenses. Also I realize the importance of allocating Reserve Funds in our annual operating budget to help us to prepare for future expenses.

I am “Focused on our Future” and I would like to take this opportunity to thank you for taking time to read this and please take time to vote on Election Day, your voice does count!

## Jordy CARR

Jordy Carr has been a business owner and operator for 30 years. She is a candidate running for Council in the Municipality of Callander. Currently, Jordy sits on 2 committees in Callander and spent 2 years as Vice President of the East Nipissing Hockey Association. Mrs. Carr is the chair of the Funfest Committee is a

very active volunteer with in the community.

“A council needs to be a team that can work together for the common goal of creating and maintaining a great community.”

I have a strong work ethic in business and I wear many hats; from labourer, human resources, janitor, developer to financier. One hat equally as important as the other, and working as a team with cohesion is the only way to be successful and to get the job done.

Being a strong listener and taking the time to understand people is so important. With a full understanding of budgeting to keep costs down while not sacrificing quality and service; this is what I can bring to Callander.

I have been a resident and taxpayer in Callander for 35 years. I have a love and commitment second to none for our community. I believe Callander is the jewel of the North; ***a safe community with wonderful opportunities.***

Citizens of Callander enjoy living on beautiful Lake Nipissing and all the amenities our community has to offer. However, they have a deep concern of higher property taxes like some of our neighbouring towns and cities. It will take a strong council team working together to accomplish keeping taxes low along with finding savings in our annual budget.

I thrive on finding solutions to problems, with great tenacity and do so to rival most. I will not make unattainable promises. What I will do is pledge financial responsibility, ingenuity and perseverance. Solutions are my objective, this I will commit to you.

To reach me directly please email me at ***[jordycarrcampaign@gmail.com](mailto:jordycarrcampaign@gmail.com)***

## **Claude GIROUX**

I have been a long-time resident of Callander. I come to politics out of love for my community and I understand the problems facing the municipality of Callander and believe council can do better. With leadership and a clear action plan, I am committed to making Callander a better place to live and work in.

My background is that I have owned and operated two separate businesses with over 40 years experience in steel erection and self storage businesses.

Callander needs new people who bring different experiences and fresh perspectives required to make the necessary decisions. These decisions will be necessary to move Callander forward where we can continue to build a safe, affordable, and strong community.

If elected I want to focus on the following issues:

### **Road Safety**

- Main St. North exit
- Cranberry Drive exit (Osprey intersection)
- These two are the responsibility of Township of Callander
- Lansdown and Hwy 95
- South entrance to Callander
- These two are the responsibility of the M.T.O.
- Callander Bay Drive should is not finished properly and has poor workmanship on paving as well. (contractor should not be signed off until done properly)

### **Public Library**

- Needs more discussion concerning location-cost-uses

### **Taxes**

- Keep them fair and affordable

### **Housing**

- Affordable housing for the aging community

### **Community Sports Complex**

- Needs further development and be more rental friendly

**I look forward to participating on council and welcome your questions. I ask for your support on October 22nd, 2018**

## Trevor HOLLIDAY

### Biography:

Trevor Holliday was born in 1982 in North Bay where I was raised and always called home to North Bay and surrounding area. Currently, my family lives in Callander where they have been for approximately 3 years. I am a Father of 5 children and wife Kimberley Holliday plan to call Callander home for a long time to come.

Grandson to the late Lloyd Holliday, who owned a courier/trucking company based out of his home in North Bay the lasted for decades and was a loved and trusted family business for the area. My parents still live in North Bay but I do have family in Callander and area.

I have always had a passion for ensuring my children had a safe and fun place to live and grow and I know Callander is that place.

Currently I am a manager for Canada's Largest Building Maintenance company and with my drive and passion spills over and want to always work hard to ensure that there is growth and a future just like my vision for Callander for future generations.

### Platform:

As council for Callander, I would ensure the contracts new and old are the most logical and affordable while ensuring there is no wasteful spending that should be put back into the community.

There are missed opportunities that Callander has to boost tourism and the economy and should be utilized for the community and the business here. If elected I will:

- Build on the Canada's day celebration down at the waterfront which is packed due to the amazing display that is put on yearly by allowing vendors with permits.
- Work on building the Sirens in the park event to make it a big push for the area.
- Push promoting and attracting new business and tourists to Callander which in turn would help keep our current business and possibly their growth.

I will be seeking community input and suggestions for this great place we call home. Together we can ensure Callander continues to be not only be a great place to live but for others to visit and hopefully stay.

## **Robb NOON**

My goals for this term of Council will be:

### **Community**

- Explore investment in affordable housing and mixed housing uses
- Maintain our current infrastructure to sustain current service levels
- Beautify the community, support cultural, recreational and event opportunities.
- Promote green and clean community, protect Callander Bay from incompatible uses

### **Sustainability**

- Develop new community partnerships to deliver services (hub)
- Ensure all projects have well thought out plans and are properly funded for success
- Update, Develop our Disaster readiness plan

### **Economic Development**

- Develop a comprehensive plan to increase capacity of our Sewage Lagoons
- Ensure that we finance our future infrastructure with thoughtful planning
- Rural initiatives that can bring economic growth to our outlying area.
- Proper planning practices, explore technology ventures; shop local.

### **Responsible Government**

- Maintain the necessary balance between taxes and our ratepayers ability to pay
- Review management, staffing and partnerships to maximize the efficient use of resources.
- Promote a Callander made policing model

As your Council representative I will use my experience to promote improvements to our physical assets, protect our rich natural resources, encourage wise public and private. investment. A community where residents and business have an opportunity to succeed and will be proud to say Callander is home.
