GETTRAINEDWORKERS.COM

District of Nipissing

powered by:

NORTH BAY & DISTRICT
Chamber of Commerce

www.nbdcc.ca

An agency of the Government of Ontario

Is your business up for the challenge of fighting climate change?

We know you have innovative ideas for driving change in your sector and reducing carbon emissions. The new GreenON Challenge from the Green Ontario Fund will help make them a reality.

Organizations can submit an online expression of ideas application, which will be evaluated by a panel of experts.

How does it work?

Tell us how your business or organization will act to support reducing greenhouse gas emissions. It could be a zero-carbon manufacturing process, carbon neutral new construction and retrofits or as ambitious as the development of a sustainable community. The objective is to transform the market, create new patterns of business as usual and drive systemic change.

The Green Ontario Fund will be investing up to \$300 million in the winning projects.

Who can apply?

A variety of organizations can apply, including private businesses, non-profit organizations, registered charities, Indigenous organizations and communities, conservation authorities and utilities.

Submit your idea **before May 7, 2018**. Learn more at <https://www.greenon.ca/programs/greenon-challenge>

The Ontario Chamber of Commerce (OCC), along with the Chamber network, launched a major province-wide letter writing campaign urging businesses to encourage their local provincial candidates to support the OCC's election platform, *Vote Prosperity*. To ensure economic prosperity is at the forefront of the 2018 provincial election, the OCC has developed 18 recommendations that will help bolster Ontario's long-term economic outcomes.

To view the document *Vote Prosperity* by clicking on the icon above. There is also a link to send a letter to the local provincial candidates asking them to support the election platform.

Also the social media campaign for *Vote Prosperity* has begun. Please like and share when you have the opportunity #ONChamberNetwork #VoteProsperity

Judges Choice
This award is presented annually to a nominee chosen by the panel of judges from the total number of nominees located in the host city area. All 2018 NOBA nominations from the host city's region, regardless of category, will automatically qualify for the Judges' Choice.

The North Bay & District Chamber of Commerce has joined forces with the North Bay Foodbank by engaging our membership in the support of a major change effort underway in North Bay. We are sending out a **Chamber Challenge** and calling on you to support the North Bay Foodbank's resilience project. Support can be straightforward, the North Bay Foodbank is looking for you to help this project by engaging in the following ways:

1. Donation Bin

Engage your organization to donate periodically by bringing in just one extra food item at lunch. You can support this effort by accepting a dedicated donation bin from the Foodbank and promote filling the bin using "[dress down Fridays](#)" in exchange for a food item" or many other creative methods to align and engage the team at your workplace. Workplaces that accept a bin and [engage their team](#) can offset thousands of dollars of food purchase expenses, create workplace norms that help our community and will benefit from greater staff engagement.

2. "Just 1" Habit

Promoting the game-changing idea that a social habit of donating just one of the "[foods of the month](#)" each time we shop for food, will supply enough food to feed those most in need.

3. Community Capital

Choose one of the community [capital packages](#): Community Supporter, Community Partner or Community Leader and contribute a reoccurring amount or one time support to the North Bay Foodbank and reap the [recognition benefits](#) of their new reach via a redesigned website and enhanced social reach. We will also be recognizing capital supporters at our evening of excellence award ceremony.

Community Capital funds our next steps toward addressing food insecurity. Community Capital supports initiatives like "Just 1", community awareness, facilitates community and corporate engagement – and special projects that bring a compounded return on investment. For example, our corporate donation bins, a product of community capital funding, amounts to a minimum of a fivefold return on investment per year in perpetuity. Honda's Community Capital investment in supplying the North Bay Foodbank with a vehicle means we can pick up the corporate donation bins and has enabled a large portion of this program to work. Sofa Communication contributed their time and bench strength of intellectuals to further enhance a purchased platform to reach and promote these essential initiatives online and in print – amounting to substantial increases in online community support. A usual monetary donation helps us purchase food and keep the lights on to support the current needs; a Community Capital donation allows us to launch initiatives to improve our impact on the ongoing food insecurity and meet all future needs. **Community Capital will enable us to get better at what we do**, and we believe Community Capital will one day be the source of our ability to tackle the complex causes of food insecurity with success.

As a member that invests in this project's success, you will reap a return on investment that is unmatched – positive local community impact. The North Bay Foodbank is piloting many new concepts to promote adopting individual and corporate habits that are intended to become broader norms that have the potential to end food insecurity beyond just our community – please join their efforts to change the way we support one another.

[CLICK HERE](#) to start your North Bay Food Bank Chamber Challenge. Or [CLICK HERE](#) to see other ways your workplace can be involved.
